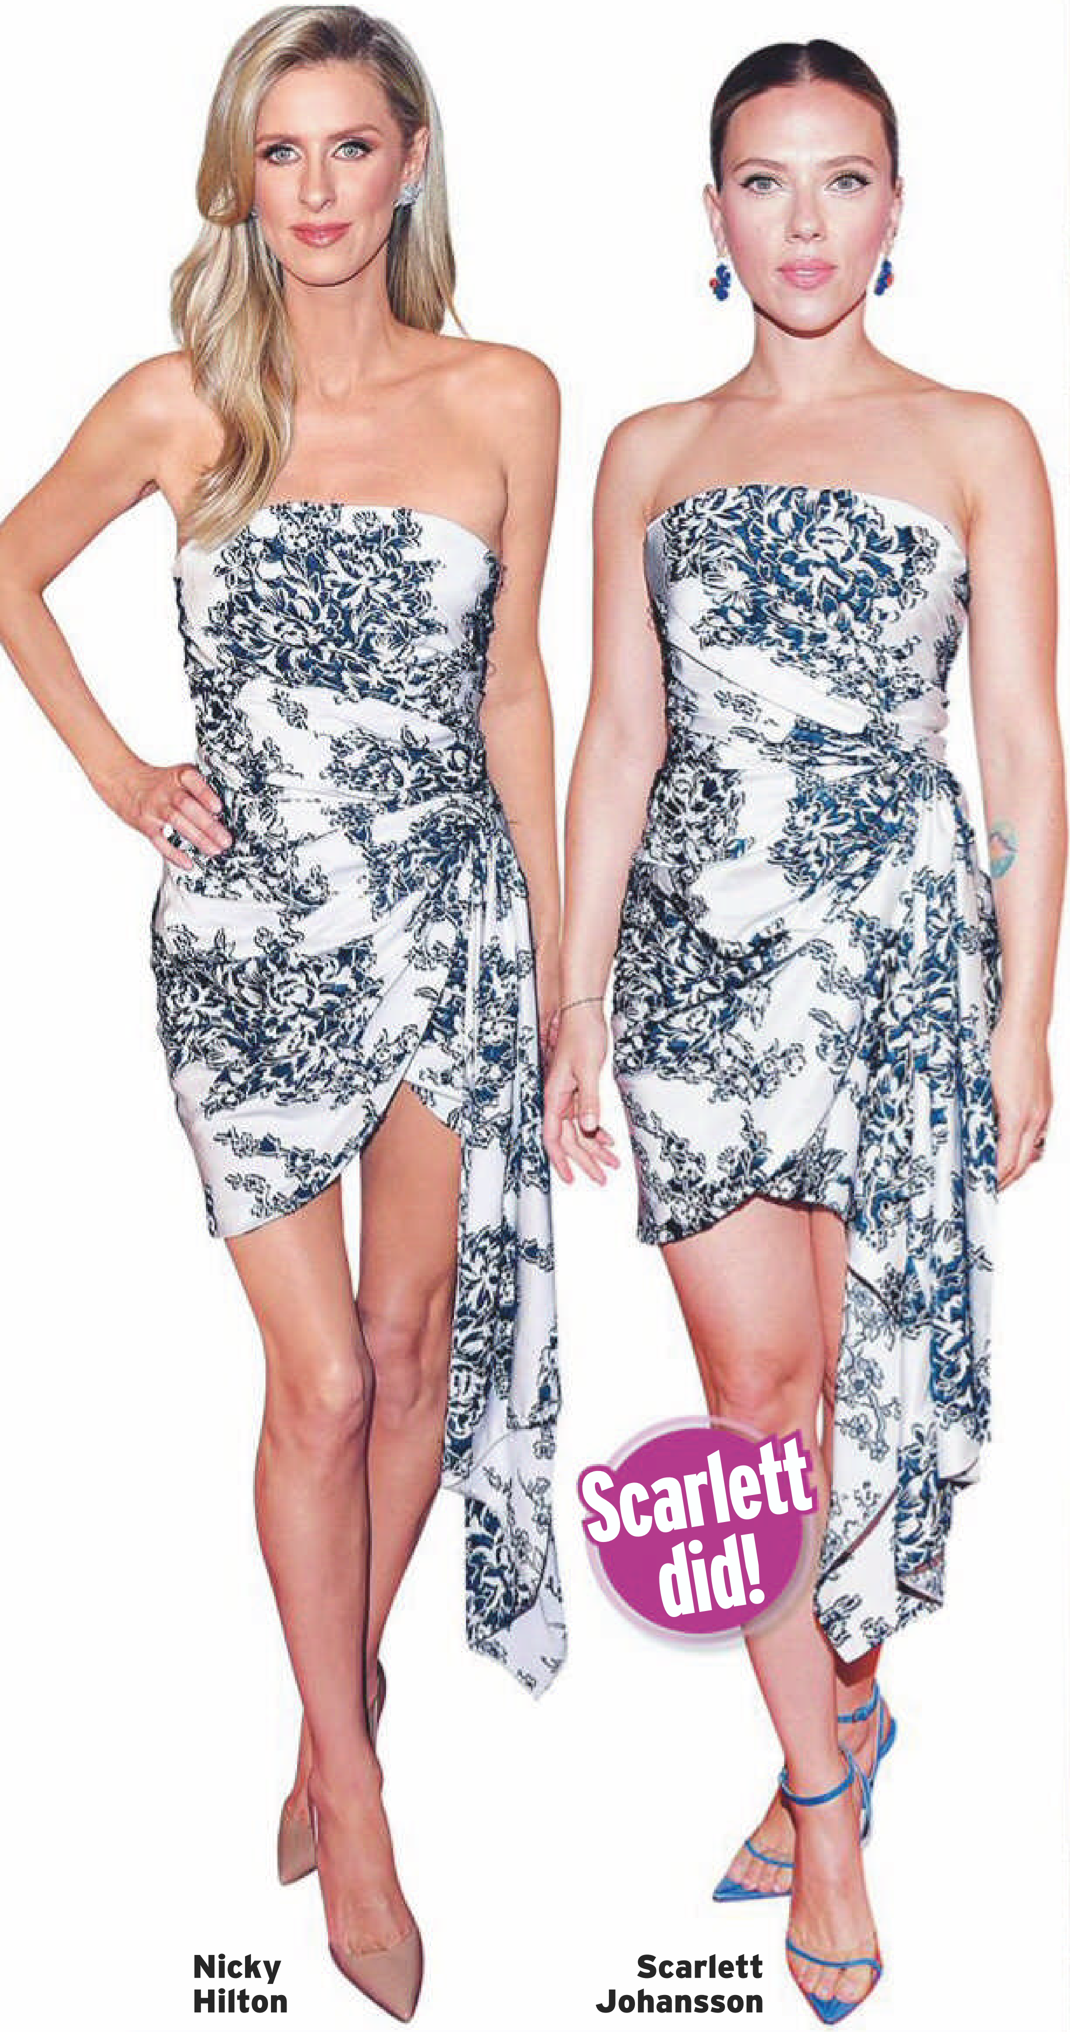
WHO WORE IT BETTER?

One star sizzles, while the other one fizzles

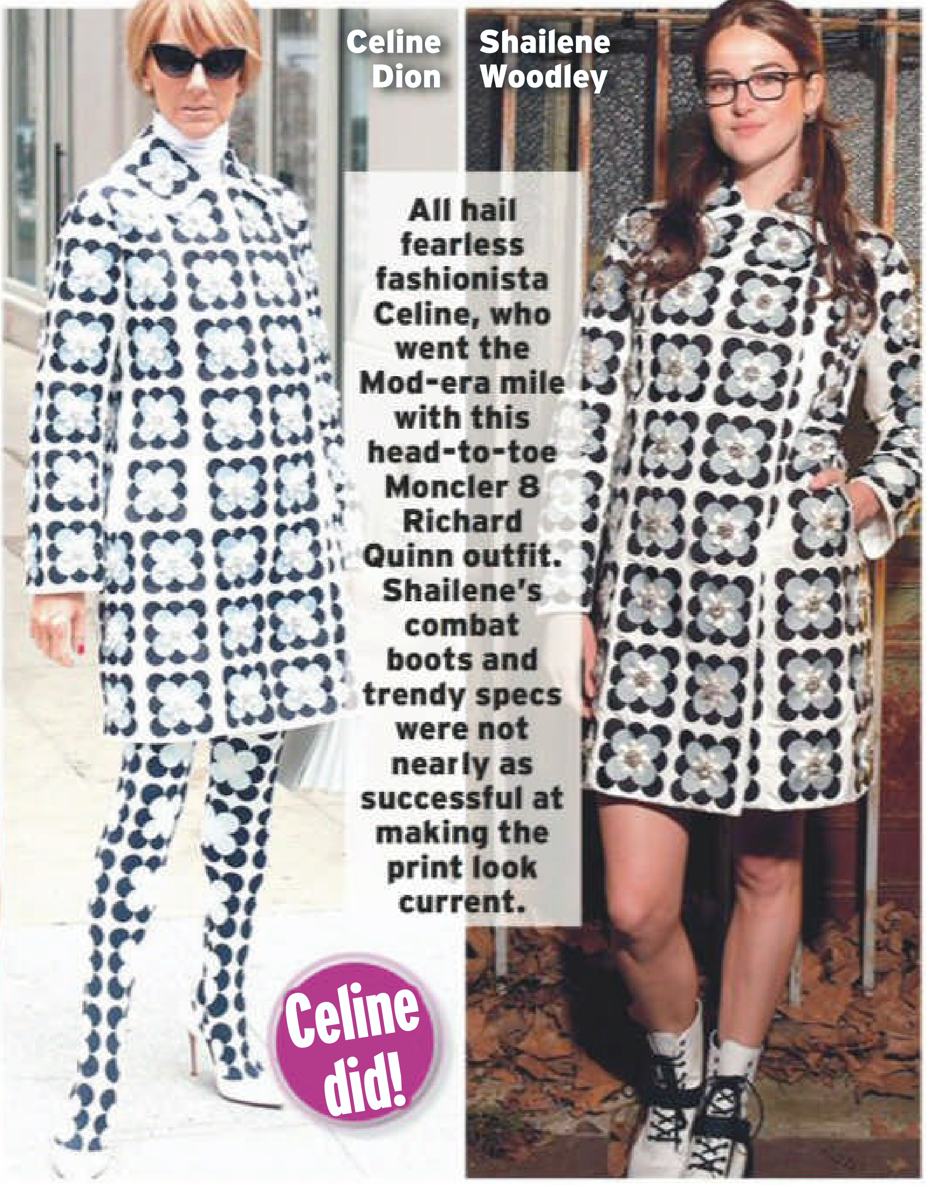


Scarlett did!

Nicky Hilton

Scarlett Johansson

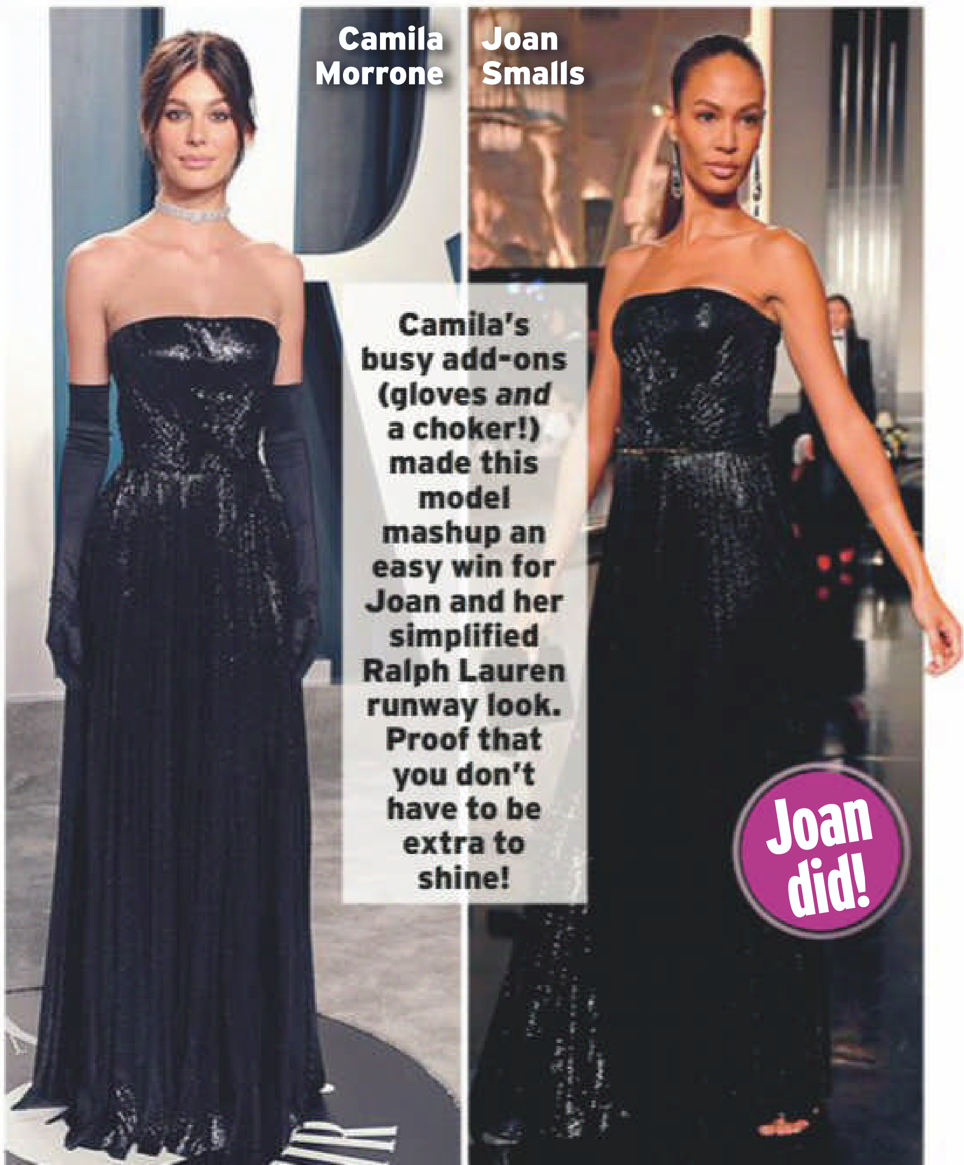
We love how Scarlett's colorful earring and heels add a pop of color to this black-and-white Oscar de la Renta number. Nicky's nude pumps don't provide the same punch.



Celine Dion

Shailene Woodley

All hail fearless fashionista Celine, who went the Mod-era mile with this head-to-toe Moncler 8 Richard Quinn outfit. Shailene's combat boots and trendy specs were not nearly as successful at making the print look current.



Camila Morrone

Joan Smalls

Camila's busy add-ons (gloves *and* a choker!) made this model mashup an easy win for Joan and her simplified Ralph Lauren runway look. Proof that you don't have to be extra to shine!

LET'S NETFLIX & CHILL!

Meghan and Harry aren't the only ones going into show business. Starting on Sept. 25, Queen Elizabeth II's famed Sandringham Estate in Norfolk, England — where the entire royal family celebrates Christmas every year — will be hosting drive-in movie nights! For a ticket price of about $42, guests will be able to park in the queen's yard (or sit in deck chairs for an extra $10 a person) and enjoy snacks and drinks from a variety of different food vendors while enjoying a flick. On the lineup? *1917*, *Rocketman*, *The Greatest Showman*, *Grease* and *A Star Is Born*. Also included, appropriately, is the Queen biopic *Bohemian Rhapsody*. But sadly, not *The Queen*.

OF THE KARDASHIA

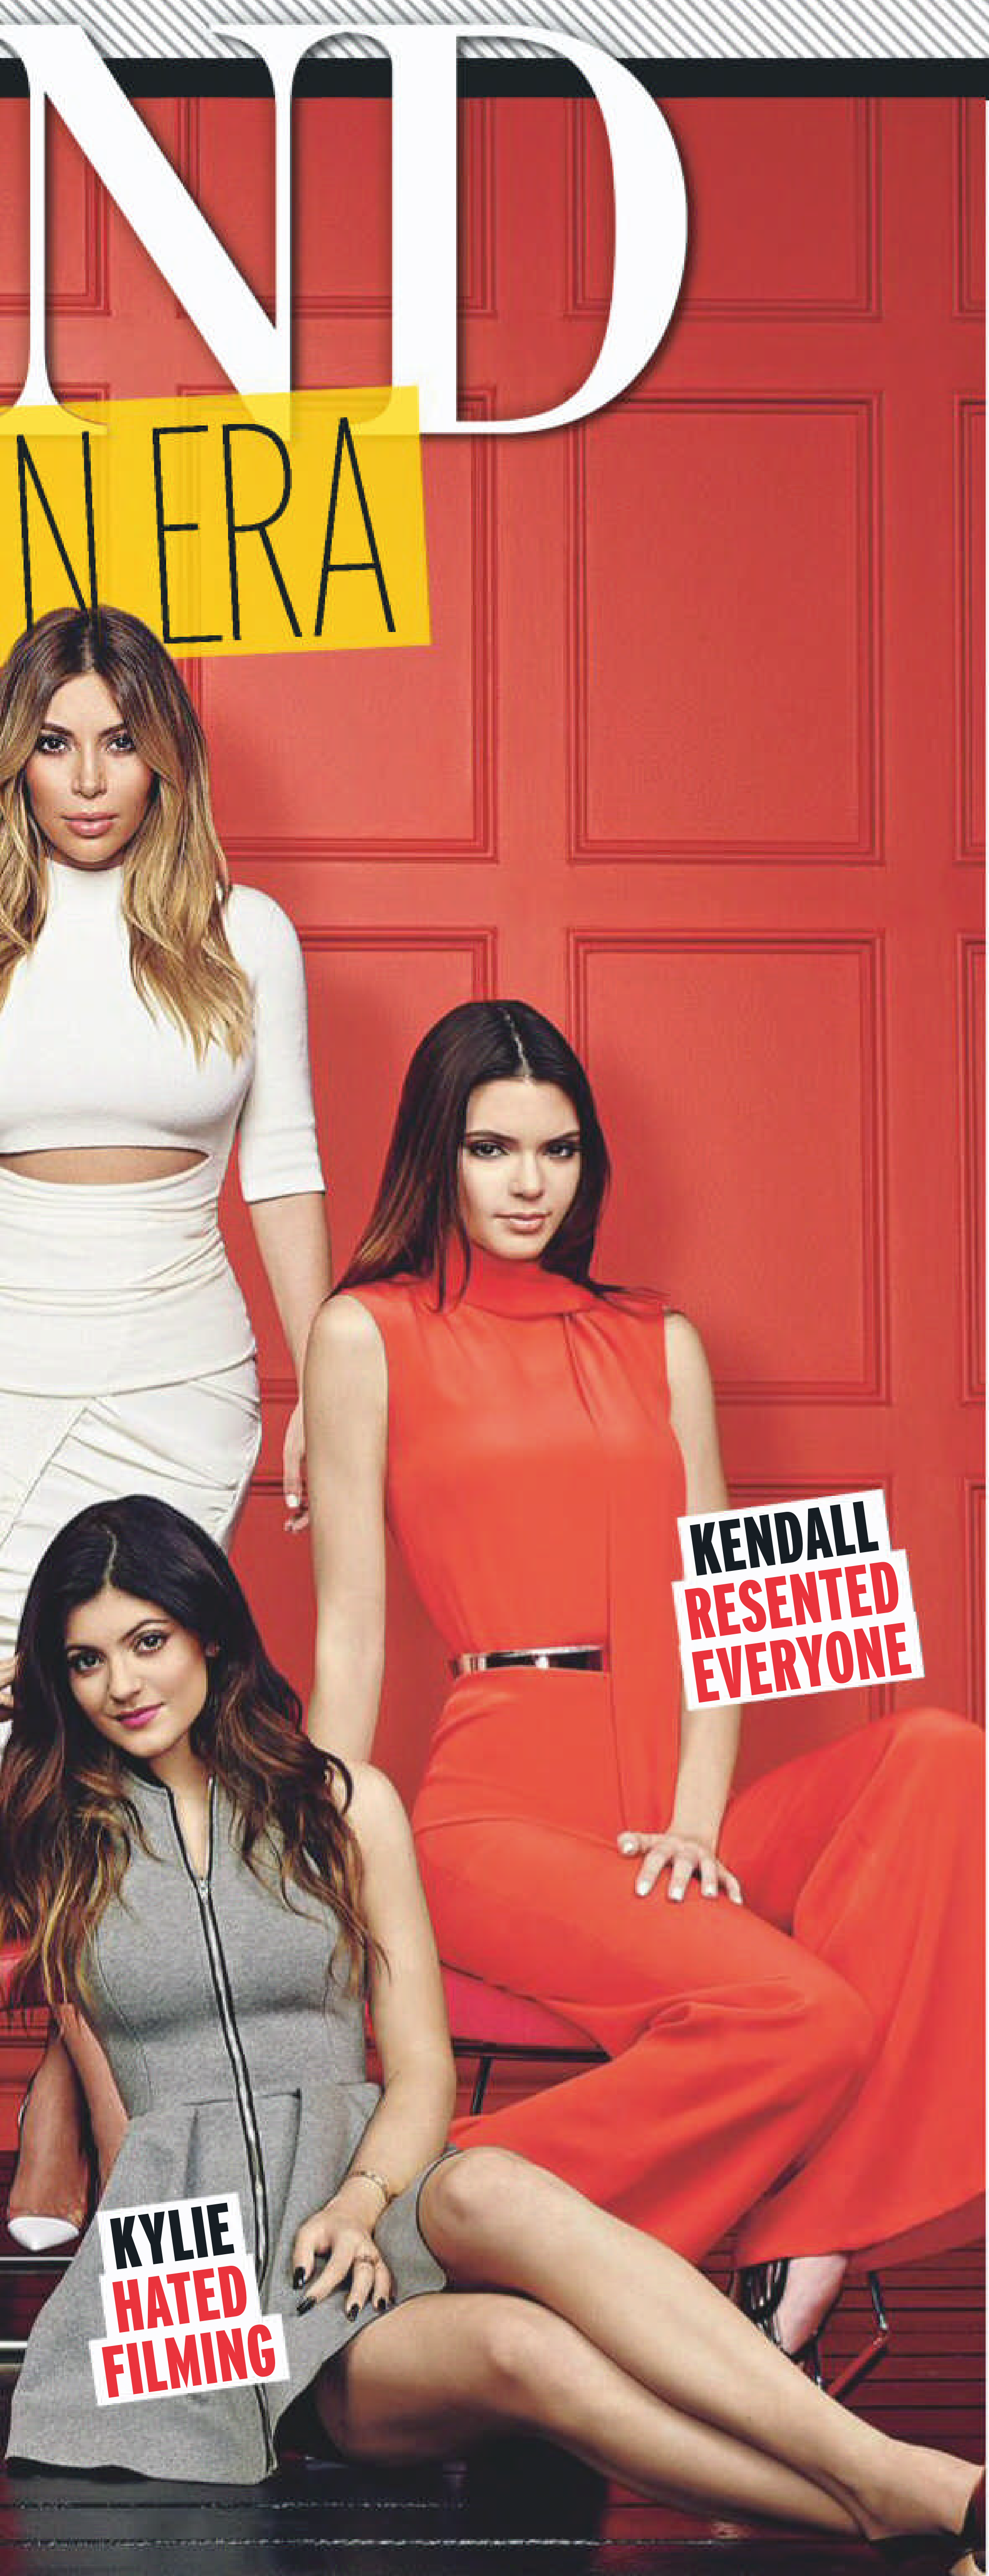
KRIS REFUSED TO LET GO

KIM WAS OVER IT

KOURTNEY QUIT ALREADY

KHLOÉ NEEDED THE JOB

NO GOING BACK
"Feelings are hurt and relationships are strained over the decision to end the show," says a source.



KUWTK MADE THE KARDASHIANS – BUT NOW ITS CANCELLATION COULD BREAK THEM

Fans were stunned. On Sept. 8, Kim Kardashian delivered a bombshell announcement on Instagram: In early 2021 — after 20 seasons, 14 years on the air, three weddings, three divorces, countless outrageous moments, plenty of cheating scandals, multiple spinoffs, the birth of 10 kids and the bombshell transition of former Olympian Bruce into Caitlyn Jenner — *Keeping Up With the Kardashians* will air its final episode. “It is with heavy hearts,” Kim shared, “that we’ve made the difficult decision as a family to say goodbye to *Keeping Up With the Kardashians*.”

But while Kim made it sound like it was a joint decision, it wasn’t. *In Touch* has learned that some family members — namely matriarch Kris Jenner, 64, and daughter Khloé Kardashian, 36 — didn’t want the E! series to end. Now relationships are at a crossroads and their $3 billion empire is at stake. “The Kardashians wanted fame and fortune so badly, and they finally got it, but now it’s torn them apart,” a family source tells *In Touch*. “Their desire for fame and fortune came with a price. Family relationships have been damaged, some beyond repair. The brand will never be the same again.”

KRIS’ WORST NIGHTMARE

Of course momager Kris didn’t want Season 20 to be the show’s last. “When it comes to making money, Kris will stop at nothing,” says the source. “She continued to drag out the show even when ratings hit an all-time low because she was determined to keep her family in the spotlight and generate more revenue.” It was Kris who in 2017 negotiated a massive $150 million deal for her family’s most recent *KUWTK* contract. “She makes 10 percent of everyone’s earnings. She won’t be getting that anymore.”

The Kardashian-Jenners’ fame and bank accounts have grown exponentially over the last decade. “They wanted more and more — especially Kris — but as each family member grew and created her own life, almost everyone’s priorities changed,” says the source. “The only thing that stayed consistent was that they wanted to get richer. Some of them — especially Kim and Kylie — have attained a level of wealth that they don’t need the show anymore.” Kris, 64, is fearing the worst. “She thinks it’ll be a case of out of sight, out of mind,” adds the source. “If everyone forgets them, their empire” — estimated to be worth a combined $3 billion — “is destroyed.”

In March, after the show aired a brutal fight between Kourtney, 41, and Kim, 39, that turned physical, the

IS KRIS *BEVERLY HILLS*-BOUND?

One day after news of *KUWTK*'s demise was announced, Denise Richards revealed she's leaving *The Real Housewives of Beverly Hills*. Speculation that Kris could replace her was rampant. "Kris has had an open invitation for years to be on *RHOBH*. She can hold her own and she can bring the drama – it would be a win-win for everyone," says an insider. On Sept. 9, Bravo exec Andy Cohen admitted Kris would be "a huge get." Stay tuned...

DENISE IS OUT!

eldest sister confirmed in a tweet that she'd quit the show. In July, she explained why. "I was feeling unfulfilled, and it became a toxic environment for me to continue to have it occupy as much of my life as it was," the mother of three said. "People have this misconception that I don't want to work, which isn't true. I am following my happiness and putting my energy into that which makes me happy."

Youngest sisters Kylie and Kendall Jenner frankly don't need the money, nor do they want the headache anymore. Thanks to Kylie Cosmetics, "Kylie's close to being a billionaire at 23," says the source. "What she brings in from *KUWTK* is pocket change. She hates filming and makes so much more from her makeup line and endorsements, so she's prioritizing those. Plus she wants to find a way to have another baby," to join daughter Stormi, her 2-year-old with rapper ex Travis Scott, 28.

Kendall's heart was never in it. And now at 24, she's already topped *Forbes*' list of the world's highest-paid models multiple times. "She was over the show a long time ago," says the source. "She wants to distance herself from the Kardashian brand. She feels the show is trashy." Toward the end, adds the source, "Kendall hated everything about it and grew to resent everyone and having to still make appearances. Modeling is her main focus."

MAKING THE CALL

The final nail? Kim. "Don't let her gushing public farewell announcement fool you," says the source: "Kim's over the show, too. She has too much going on in her personal life" — including pursuing her private legal studies as she works to become a lawyer to her prison reform advocacy to her KKW Beauty and SKIMS shapewear brands. She, like Kylie, is also approaching billionaire status. Recent marital woes are also a factor, says the source, explaining that Kanye West, 43, "played a hand in getting her to quit the show. They're figuring out whether they can make their marriage work. Plus Kanye can't stand Kris." (In July Twitter rants, he warned his mother-in-law she's "not allowed around my children" and branded her "Kris Jong-un," a reference to North Korea's ruthless dictator Kim Jong-un.)

Ultimately, says the source, Kim was behind the decision to pull the plug on *KUWTK*. "Without Kim, there is no show — it would flop," says the source. "It was Kim who made them all famous in the first place. This has left Kris fuming. She takes credit for shooting Kim to stardom after her sex tape was leaked. Kris feels totally stabbed in the back by her own daughter."

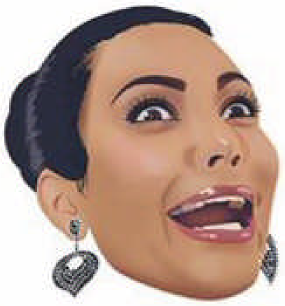
Of all the sisters, Khloé is the most heartbroken. She tried to put a positive spin on things in a Sept. 8 Instagram post, writing, "Change is hard but also needed at times. I love you all. Thank you for the memories!" But behind the scenes "she feels betrayed and lied to by her sisters. She never wanted their show to end," says the source. Kris admitted to Ryan Seacrest, who co-created and executive-produces *KUWTK*, on Sept. 9 that "Khloé is the one who is taking it the hardest and hasn't stopped crying since we announced." Khloé has a lot to lose. "She has her Good American line but her earnings pale in comparison to what Kim, Kylie and Kendall bring in," says the source. "She benefits from all the publicity the series generates and is afraid it'll have an effect on her future and her financial bottom line."

REALITY CHECK

Now everyone in the family is playing the blame game — even holding the fans accountable for deserting the show over the years. "Some family members think the fans are stupid for not watching," says the source. "But in reality, the family just got too big for the show. And while it should have brought them together, they've never been more distant. There's so much resentment, so much hurt over the lies and false promises."

The fighting viewers see on TV is nothing compared to the screaming matches that go on behind closed doors these days, says the source. "It's sad to see. They could have gone out on top years ago, but greed took over, and now the family is suffering for it. So at the end of the day they have ask themselves: Was it all worth it?" ■

KUWTK'S 25 MOST SHOCKING MOMENTS



FISTFIGHTS, TANTRUMS, A BIG TRANSITION AND TONS OF TEARS! LOOKING BACK ON 18 SEASONS OF THE FAMILY'S HIGHS, LOWS – AND WHOAS!

KIM'S LOST-EARRING MELTDOWN

Ah, the days before she was basically a billionaire! On a family trip to Bora Bora during Season 6, Kim lost one of her $75,000 diamond earrings when then-boyfriend Kris Humphries playfully threw her into the ocean. As Kim freaked out, cried and ran to momager Kris, Kourtney dismissed Kim's tantrum with one of the show's most iconic lines: "Kim, there's people that are dying." Moments later, hero sister Kylie recovered the sparkler from the sea.

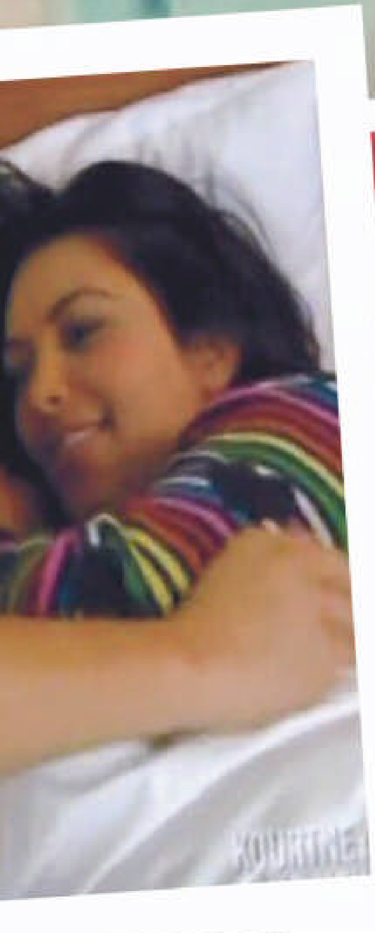
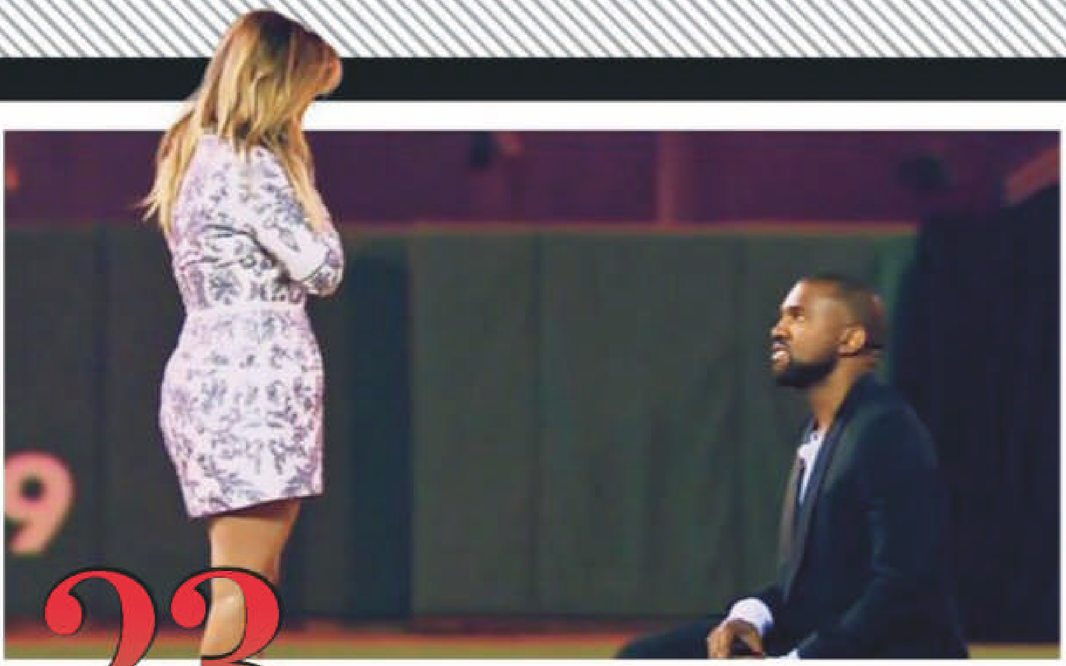
24



KIM HOOKS UP WITH HER BODYGUARD

Kim had a little too much to drink and kissed her hunky Australian bodyguard, Shengo Deane, during Season 5. They later reconnected when he was visiting NYC and enjoyed an awkward little fling that was conveniently captured by *Kourtney & Kim Take New York* cameras.



23

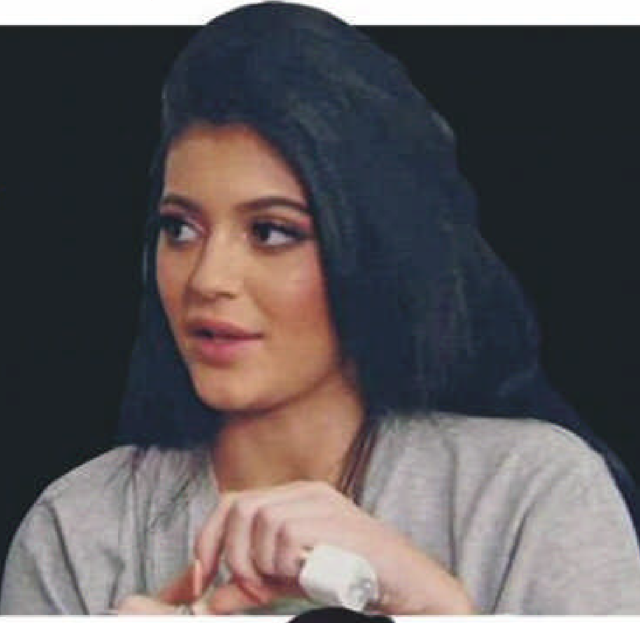
KANYE PROPOSES!

It was worthy of a Hollywood rom-com: During Season 9, Kanye West rented out San Francisco's AT&T Park on Kim's 33rd birthday and brought her there blindfolded. A 50-piece orchestra performed her favorite Lana Del Rey song ("Young and Beautiful," of course), and the rapper proposed in front of her family and friends. Kim, who got a 15-carat Lorraine Schwartz diamond engagement ring, called it "the surprise of a lifetime."

22

NO DUH! KYLIE COPS TO FILLERS

After years of claiming she'd simply used makeup to enhance her pout, then-17-year-old Kylie finally admitted during Season 10, "I have had temporary lip fillers." Six months later, she launched Kylie Cosmetics with lip kits, which eventually earned her close to $1 billion.



21

KIM BEATS UP KHLOÉ

After overhearing Khloé bash her for nonstop bragging about her new Bentley back in Season 2, Kim flew into a rage. "Don't be f---ing rude!" she famously yelled before walloping Khloé with her purse and fist. What's truly rude? Kim later forced *Khloé* into anger management!

20

KIM & KANYE'S WEDDING

Though Kim didn't allow her 2014 wedding with Kanye to be shown on *KUWTK*, she did film the walk-up to their big day in Florence, Italy, for the Season 9 finale. Viewers saw pre-celebrations in Paris and brother Rob's heartbreaking decision to skip the nuptials because he "just wasn't comfortable" with his weight.

Five men dressed as cops broke into Kim's private Paris Fashion Week residence in 2016, tied her up and held her at gunpoint as they robbed her of more than $11 million in jewelry and valuables – including her $4 million, 20-carat diamond ring. The aftermath was captured on camera for Season 13, during which confessed she thought they'd kill her: "I was like, 'This is it.'"

KHLOÉ'S DNA TEST

In Season 7, Kris – who's admitted she cheated on Robert – tried to get Khloé to take a test to disprove rumors about her paternity, including that O.J. Simpson could be her dad (which both he and Kris have denied). Khloé refused, but did participate in the family's Season 15 23andMe ancestry tests. She and Kourt learned they have Middle Eastern roots, implying they have the same Armenian father.

16

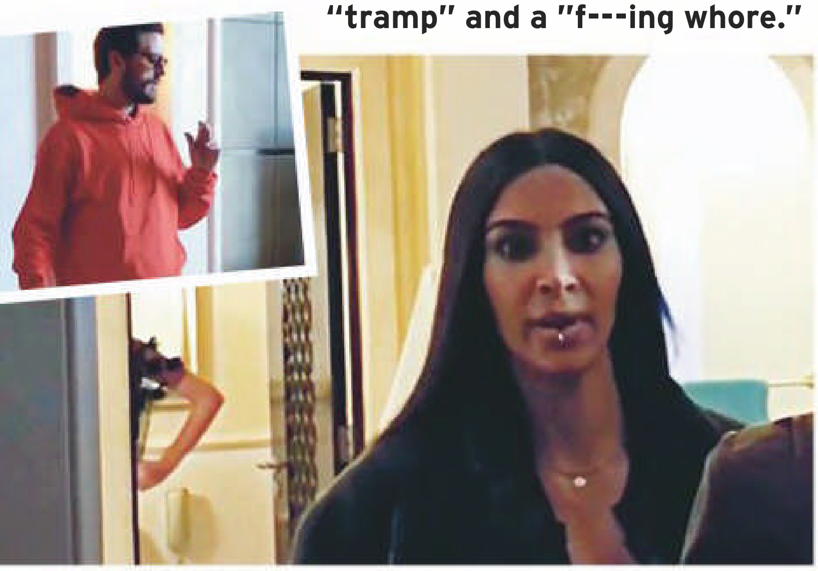
TRISTAN BETRAYS KHLOÉ WITH JORDYN

Tristan Thompson was busted cheating on Khloé days before their daughter, True, was born – and she forgave him – but he did it again a year later, this time with Kylie's best friend, Jordyn Woods. The Season 16 finale chronicled Khloé's heartbreak and fury after learning they'd hooked up. Cried Khloé: "Who the f--- does this b---- think she is?!"

15

KIM FINDS A WOMAN IN SCOTT'S ROOM

When it comes to herself or her sisters, Kim is the first to put anyone on blast for "slut-shaming." But when she suspected Scott (who was single at the time!) hooked up with another woman during a trip to Dubai in Season 13, Kim lost it. She barged into his hotel bathroom to confront the other woman, calling her a "tramp" and a "f---ing whore."



14

KIM'S BUTT X-RAY

Tired of accusations that her butt was fake in Season 6, Kim asked a doctor to X-ray her bottom and compare it to one of Kourtney's chest, which clearly showed her older sister's breast implants. The verdict? Baby got back. "Maybe now, like, everyone will see that my butt is real," Kim gloated. Well, that's one thing!

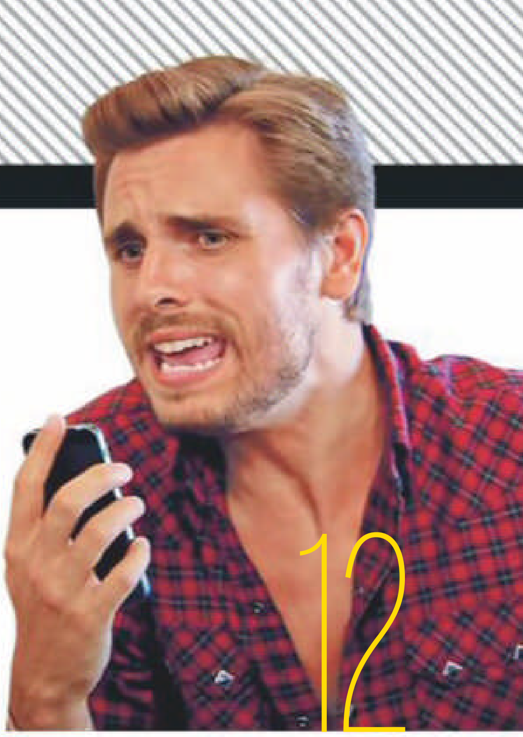
13

KRIS ACCIDENTALLY SPIKES ROB'S COFFEE

Ouch! In Season 4, Kris secretly started spiking then-husband Bruce's coffee with an erectile enhancement drug...until Rob grabbed the wrong cup. "This is about as dumb as you've gotten so far," scolded Bruce after Kris came clean.

SCOTT TERRORIZES KRIS AS "EVIL" TODD KRAINES

Creepiest prank ever? For *six months* during Season 8, Scott disguised his voice and repeatedly called "Auntie" Kris pretending to be a man named Todd Kraines, who happens to be her best friend's son. But the "evil" Todd's obsessive behavior freaked her out. "It's kind of hot that you have a stalker," Scott told an unamused Kris after "Todd" sent her flowers.



12

KHLOÉ WEDS LAMAR

Just a month after they met, Khloé married then-NBA star Lamar Odom at family friend Irving Azoff's Beverly Hills mansion in September 2009. Kris planned their extravagant wedding – which kicked off Season 4 – in nine days.

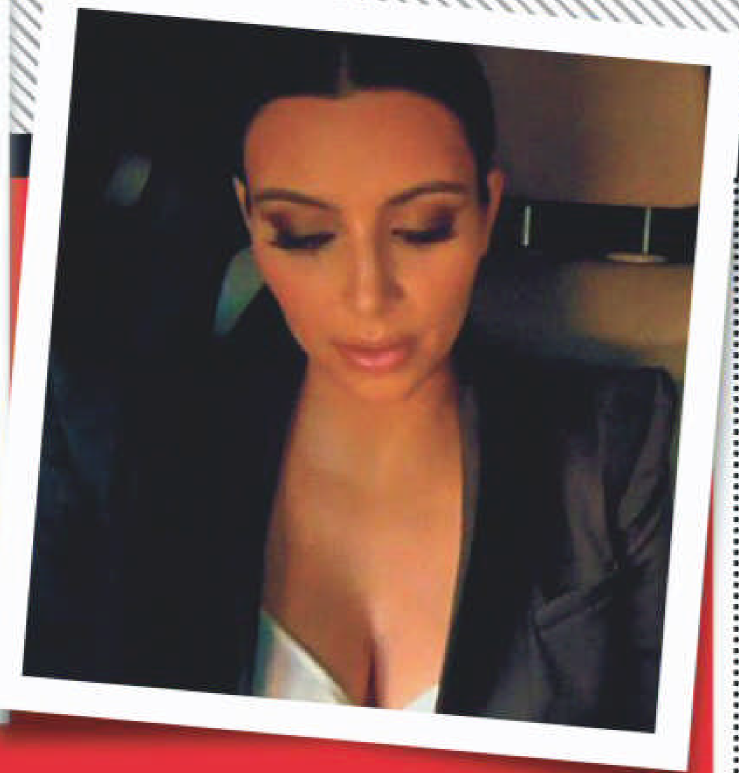
11

10

LAMAR OVERDOSES

While waiting for her divorce to be finalized, Khloé got a text telling her estranged husband Lamar had died, only to later find out that he was actually alive but in a coma after overdosing at a Nevada brothel in 2015. While cameras weren't rolling when she rushed to her ex's side and stayed with him at two hospitals while filming Season 11, the show revealed a glimpse of his ordeal as she helped him recover in Season 12.

KUWTK'S 25 MOST SHOCKING MOMENTS



9

KIM AND KRIS BUSTED FAKING SCENES?

On *Kourtney & Kim Take New York*, Kim and Kris were filmed in Dubai (or so it seemed) discussing her marital woes weeks before Kim filed to divorce Kris Humphries. But eagle-eyed fans believed they faked the scene – which took place in a suspiciously blacked-out car – after the women were photographed leaving a Hollywood soundstage wearing the same clothes two months later.

8

KIM AND KOURTNEY THROW DOWN

Kim once declared Kourtney the "least exciting to look at" while venting about her sister's work ethic, and by Season 18 her constant criticism led to a physical fight. "I will literally f--- you up," Kourtney threatened before attacking Kim, who kneed her as they traded blows that left Kim scratched and bloodied.

7

KIM SNAPS SELFIES AS KHLOÉ HEADS TO JAIL

"Kim, would you stop taking pictures of yourself? Your sister's going to jail," Kris famously reprimanded during Season 3 as the family drove Khloé to an LA-area correctional facility where she served three hours of a 30-day sentence for violating probation stemming from a 2007 drunk driving arrest.

6

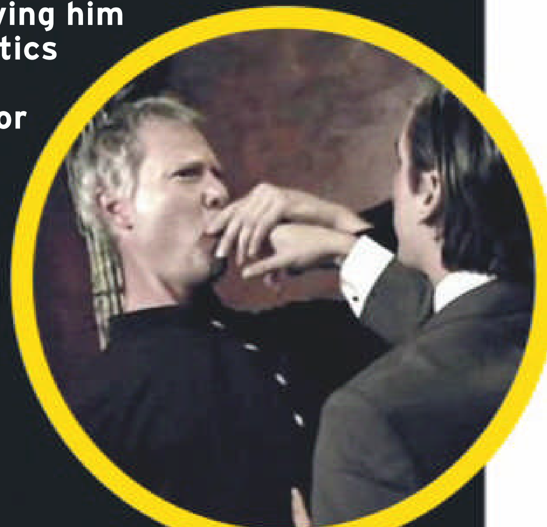
10-YEAR-OLD POLE-DANCES

Setting the tone! The very first episode of the first season of *KUWTK* featured a 10-year-old Kylie putting on Lucite platform high heels, dancing like an adult performer and expertly sliding down Kim's newly installed stripper pole.

5

LORD DISICK ATTACKS!

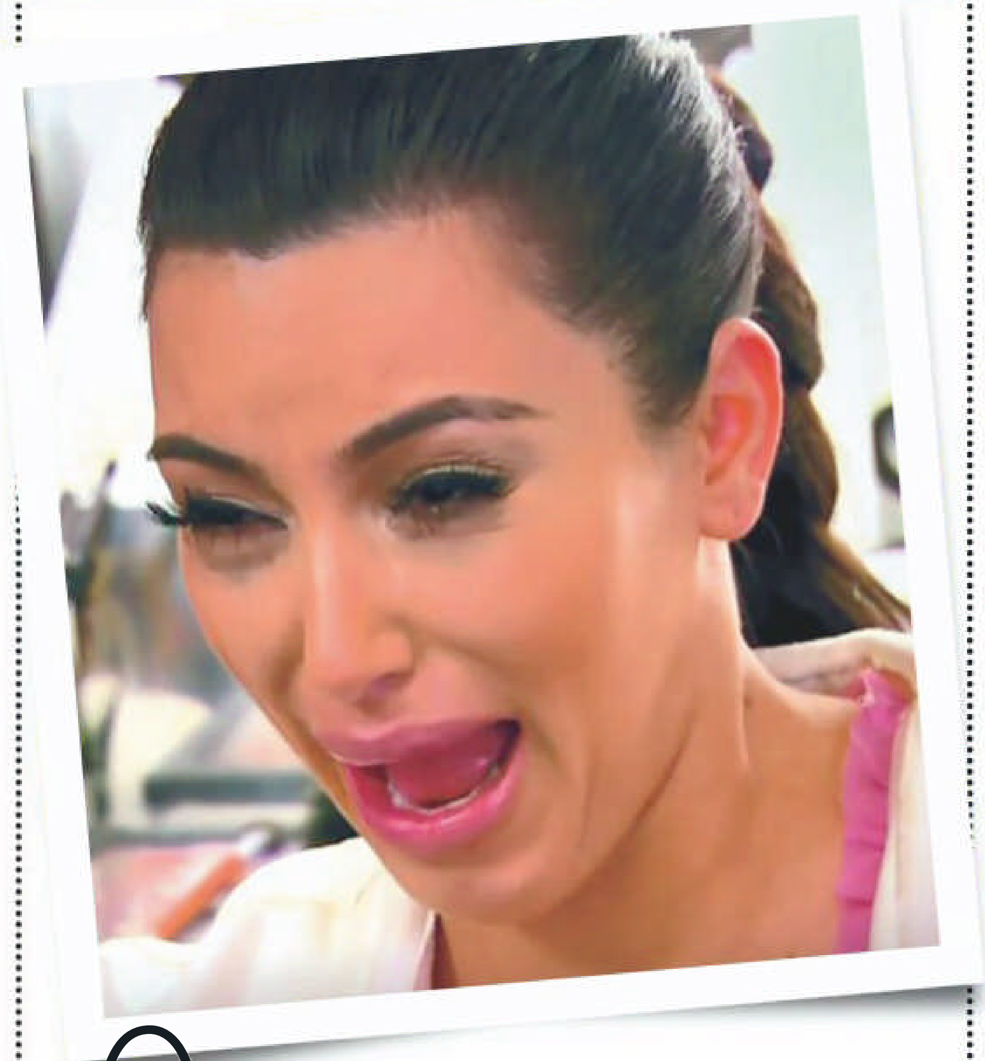
At Kim's 29th birthday party in Las Vegas during Season 4, an inebriated Scott shoved a $100 bill into a waiter's mouth after Kris told the man to stop serving him alcohol. But antics like that were becoming par for the course for Kourtney's increasingly obnoxious and snobby boyfriend, who took to being called "Lord Disick."



4

KOURTNEY DELIVERS MASON HERSELF

The Season 4 finale saw Kourtney not only laboring in the hospital with son Mason, but pulling the baby out herself as she gave birth – while nearly every one of her family members watched. "The experience was so indescribable and life-changing," she later said.



3

KIM'S CRYING BECOMES A MEME!

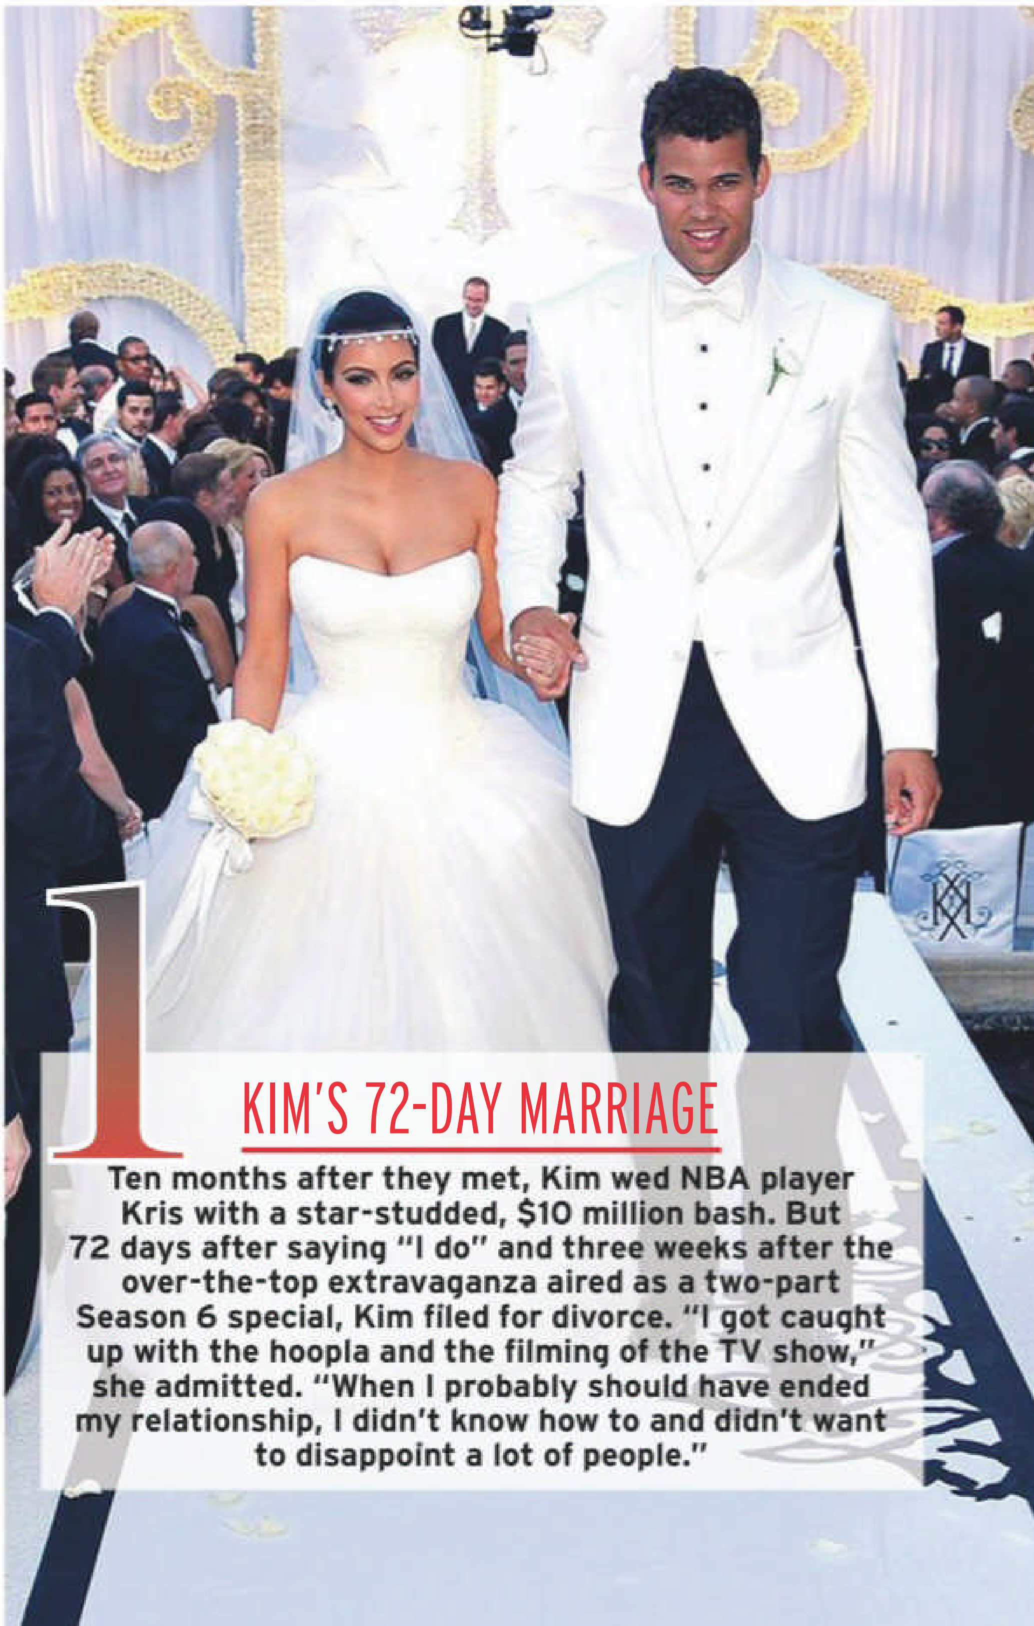
During the second season of spinoff *Kourtney & Kim Take New York*, Kim sobbed to Kourtney and Scott that she didn't love second husband Kris anymore. Her cry-face inspired an iconic meme that Kim later printed on wrapping paper she sold!

2

BRUCE TRANSITIONS: CALL ME CAITLYN

It was the moment of truth: In the two-part Season 10 special *About Bruce*, Kris' ex-husband – Kendall and Kylie's father – revealed to the family that she was transitioning to live as a woman: Caitlyn. In one memorable scene while looking at clothes with Kim, Caitlyn confessed to her former stepdaughter, "I stole your outfit."

VANITY FAIR
"Call me Caitlyn"



1

KIM'S 72-DAY MARRIAGE

Ten months after they met, Kim wed NBA player Kris with a star-studded, $10 million bash. But 72 days after saying "I do" and three weeks after the over-the-top extravaganza aired as a two-part Season 6 special, Kim filed for divorce. "I got caught up with the hoopla and the filming of the TV show," she admitted. "When I probably should have ended my relationship, I didn't know how to and didn't want to disappoint a lot of people."

KATIE STEALS ANOTHER WOMAN'S FIANCÉ!

Katie Holmes has found love again – with someone who was allegedly taken

WHIRLWIND ROMANCE

Katie (kissing Emilio in NYC on Sept. 8) "is acting like a loved-up teenager!" says an insider.

They didn't bother hiding. Katie Holmes threw her arms around her new boyfriend, Emilio Vitolo Jr., and kissed him passionately outside his father Emilio Vitolo Sr.'s famed NYC restaurant, Emilio's Ballato, on Sept. 8. The PDA came just two days after Katie was spotted making out with the aspiring actor, 33, while sitting on his lap at NYC's Peasant restaurant. And on Sept. 2, the pair giggled over lunch at Antique Garage nearby. "Katie is clearly head-over-heels in love," says an onlooker. "Emilio seemed to bring out her playful side, and it's nice to see her so happy."

But her happiness has come at another woman's expense: Emilio's now-ex-fiancée. He has been engaged to 24-year-old designer Rachel Emmons for more than a year, and they still lived together," says a source, when he began seeing Katie, 41. "Rachel was completely blindsided — she received a coldhearted breakup text from Emilio as soon as he knew the photos with Katie were going public." Even worse, adds the source, "Rachel knows Katie should have been aware that Emilio was engaged."

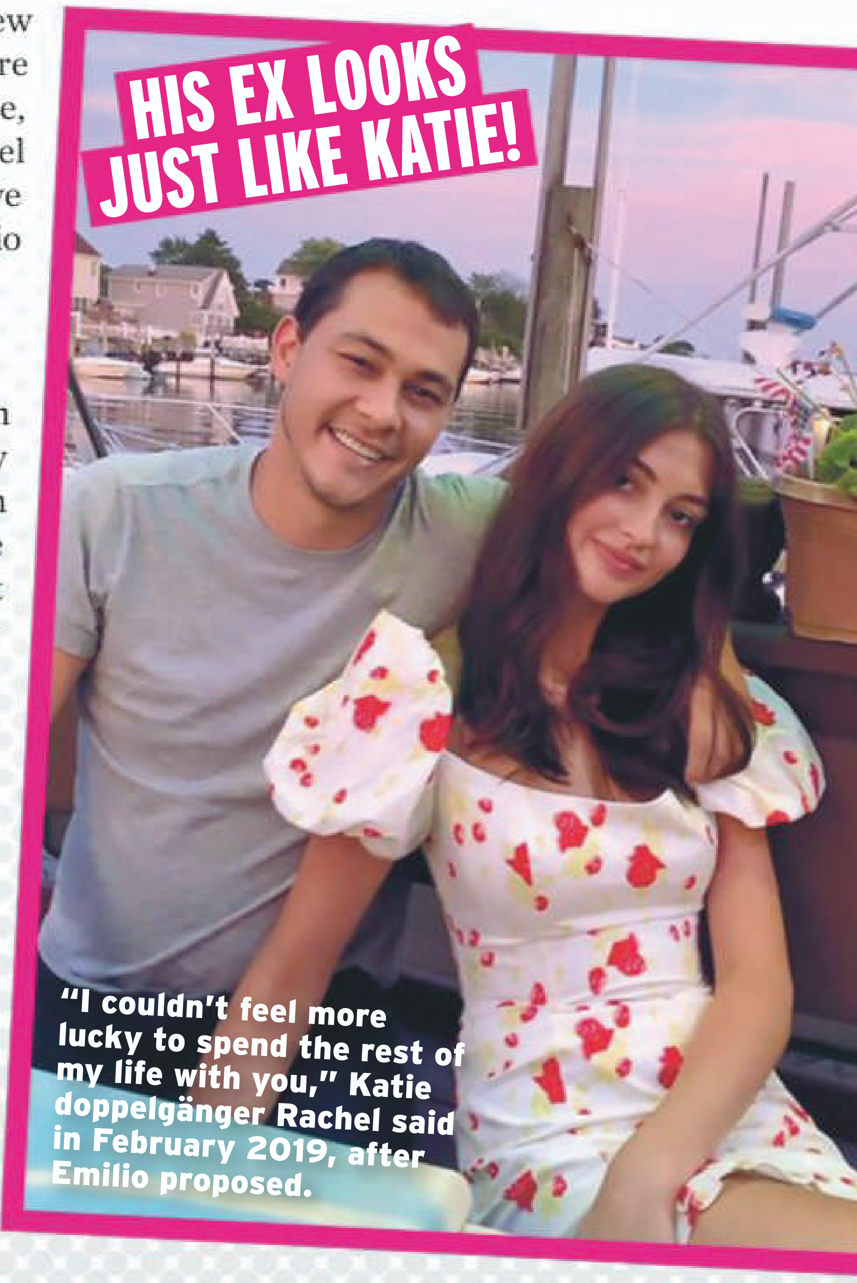
NOT JUST A FLING

Katie should know him pretty well by now. "They have been seeing each other for a while," says the source. (He reportedly left an emoji-filled comment on one of the actress' Instagram posts back in July.) "It's hard to believe Katie didn't know he was in a serious relationship — and even living with someone else. Rachel was humiliated," adds the source. "Their behavior was cruel, and Katie will always be known for breaking 'girl code.' Rachel says Katie better be careful, because what goes around comes around!"

Her friends are concerned, too. "Emilio is incredibly charming, and he's definitely into Katie, but he wanted to marry Rachel — and look at how he treated her," points out an insider. And Katie doesn't exactly have the best track record when it comes to men: A year after abruptly ending her bizarre five-year marriage to Tom Cruise, 58, in 2012, she embarked on a super-secret love affair with Jamie Foxx, 52, in which they barely acknowledged each other in public before finally splitting in 2019. "Emilio seems fickle like Jamie, and people close to Katie are scared this relationship will end in tears for her as well."

But Katie has fallen hard. "She and Emilio share a passion for cooking, culture and fine dining. And he really makes her laugh," says the insider. "He's the first man she's felt this way about in a long time. She definitely sees a future with him." ■

HIS EX LOOKS JUST LIKE KATIE!

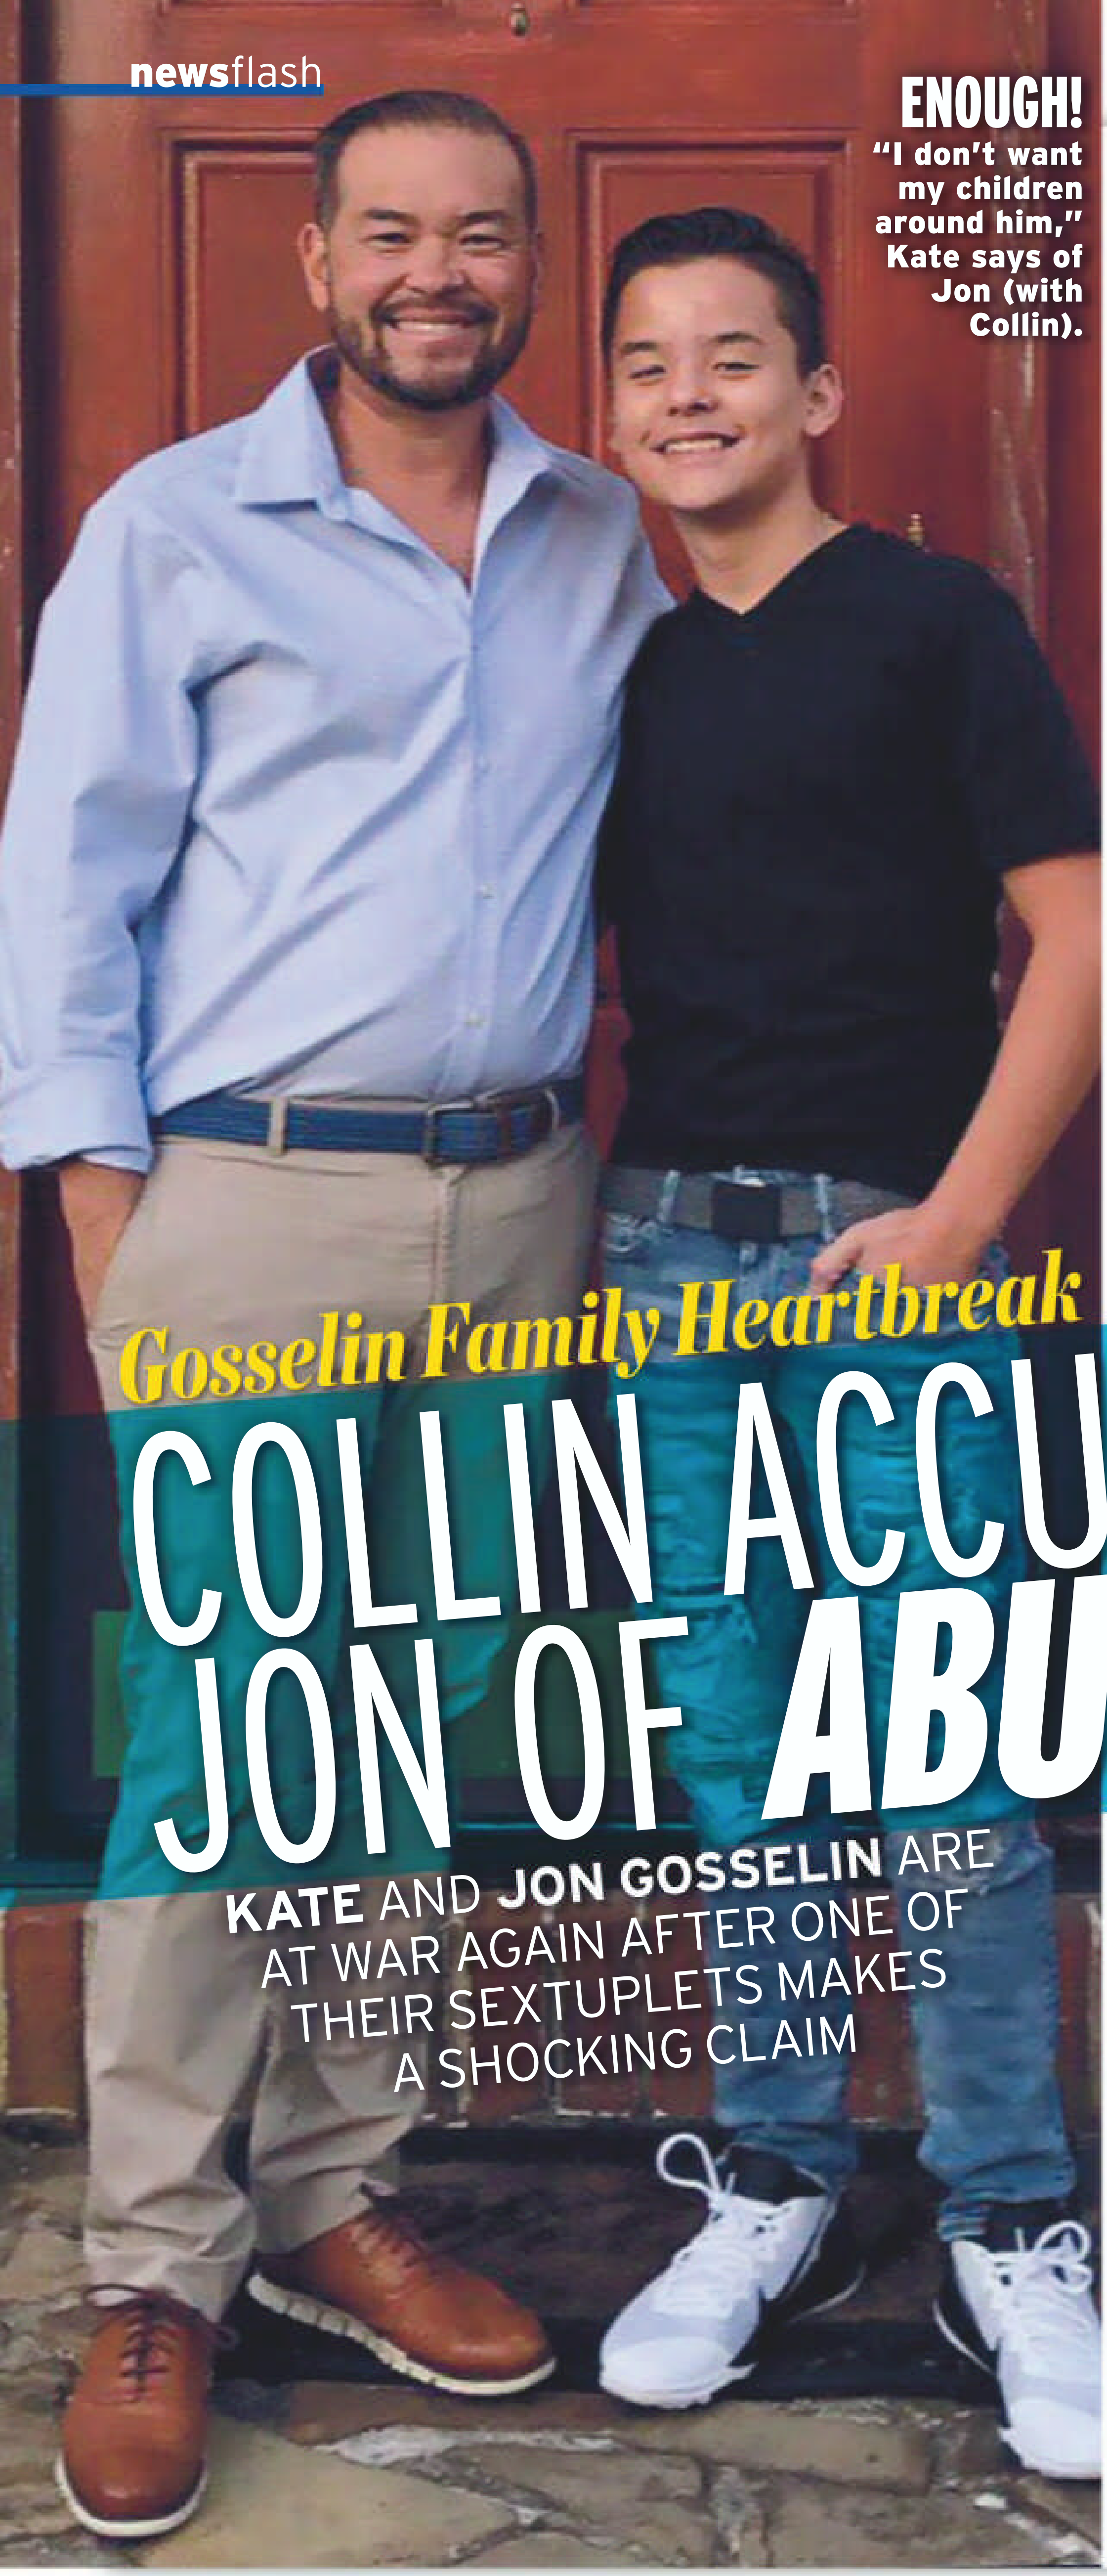


"I couldn't feel more lucky to spend the rest of my life with you," Katie doppelgänger Rachel said in February 2019, after Emilio proposed.

Gosselin Family Heartbreak

COLLIN ACCUSES JON OF *ABUSE!*

KATE AND **JON GOSSELIN** ARE AT WAR AGAIN AFTER ONE OF THEIR SEXTUPLETS MAKES A SHOCKING CLAIM



ENOUGH! "I don't want my children around him," Kate says of Jon (with Collin).

The post was alarming. In early September, Collin Gosselin alleged on Instagram that his father, Jon, was abusive: He "beat me up," "punched me in the face" and "continued to kick me in the ribs after I was on the floor," the 16-year-old wrote.

The situation quickly escalated. Berks County, Pennsylvania's Child & Youth Services notified Jon's ex-wife and former *Jon & Kate Plus 8* co-star, Kate Gosselin, 45, of an open investigation into the allegedly violent incident between Jon, 43, and their son. On Sept. 10, Kate declared she was "not going to sit quietly and idly by while my child...is assaulted by anyone, let alone their own father." Jon's denied any wrongdoing. "No charges have been filed against him," his rep tells *In Touch*. (Berks County District Attorney John Adams confirms there were "no charges or citations filed.") "Collin has endured severe trauma [in the past]. Jon is a loving father who has worked hard to ensure his son gets the support and help he needs."

So what really happened? According to one insider, "It was your typical father-son confrontation. Collin was misbehaving, it got out of hand and Jon did have to restrain him. But no one was hurt. Unfortunately, Kate is trying to change the narrative."

The irony is that Kate has also been accused of hurting their kids, including Collin. In a 2017 letter, he stated his mother had been "abusive to me." Kate, who sent Collin to live in a residential facility for more than two years, has denied abuse allegations. Jon secured custody and brought Collin home in late 2018; now he and sister Hannah, 16, live with Jon while the other sextuplets — Leah, Alexis, Joel and Aaden — and twins Cara and Madelyn, 19, remain with Kate.

At press time, Collin — whose post about Jon's alleged abuse has since been deleted — was still living with his father. "Collin has been living with Jon since he picked him up from the facility," says the rep. "Jon has full custody, and Kate hasn't seen Collin in years." ■

HOLLYWOOD HONCHOS
"Harry and Meghan have plenty of projects lined up," says a source. "They don't need the royal family for anything now."

HARRY TO ROYALS: *We're Even!*

THANKS TO A $150 MILLION NETFLIX PAYCHECK, **PRINCE HARRY** AND **MEGHAN MARKLE** CUT THEIR LAST TIES TO HIS FAMILY

The multi-year, landmark deal is unprecedented for a member of the royal family, past or present. On Sept. 2, Prince Harry and Meghan Markle announced that they have founded a production company to make documentaries, children's shows, scripted series and films exclusively for Netflix — for a reported $150 million. "Harry can't believe he managed to pull off such a huge deal. He's gone from living in William's shadow to making his own mark in LA," a source says of the prince, who had been financially dependent on his father, Prince Charles, despite dramatically splitting from the royal family in January. "It's very vindicating, because he's proven everyone wrong. He can support his family on his own."

And end all his obligations to the royals. After repaying the $3.1 million renovation bill for their U.K. home, Frogmore Cottage, "Harry's debts are settled. He doesn't owe his family anything," says the source. "They're even — and he's finally free."

BIG PLANS

He and Meghan are hitting the ground running. "Our lives, both independent of each other, and as a couple, have allowed us to understand the power of the human spirit: of courage, resilience and the need for connection," the Duke and Duchess of Sussex said. "Our focus will be on creating content that informs but also gives hope." Harry, 36, and Meghan, 39, are especially proud of how many people they'll reach — Netflix has 193 million subscribers worldwide — as part of their charitable endeavors, says the source. "Harry's confidence has skyrocketed."

But he still needs to stick to a budget. The pair just bought a $15 million home and the yearly security bill alone for the family, including Archie, 16 months, is estimated to be about $25 million. "Even $150 million doesn't go far in Hollywood," says the source. "Harry may have achieved financial independence, but he's going to have to work hard to keep it." ■

EMMA'S BABY JOY!

Emma Stone emerged from quarantine in LA on Sept. 11 with a big surprise. "It seemed clear to me – she has a bump," an onlooker says of the 31-year-old actress, who was sporting loose-fitting overalls. "She was with her fiancé [*Saturday Night Live* segment director Dave McCary] and looked so happy. At one point, she put her hand on her back. It looked like the type of thing someone who's pregnant would do, for sure." A rep for Emma couldn't be reached for comment, but the actress has made no secret that she wants kids. "My perspective about kids has changed as I've gotten older," she said in 2018, shortly after she started dating Dave, 35. "I never babysat or anything. As a teenager, I was like, I'm never getting married, I'm never having kids. And then I got older, and I was like, I really want to get married, I really want to have kids." Apparently she got her wish – on both. In the photos, Emma and Dave – who postponed their wedding in the spring because of COVID-19 – are also wearing matching bands on their ring fingers!

Sofia & Jaden: IT'S ON!

Scott who? On the heels of her breakup with Lord Disick, Sofia Richie went public with her new romance with Jaden Smith in LA on Sept. 5. "They briefly dated in 2012, but they were both so young and immature," a source says of the couple, both now 22. "They were more like childhood sweethearts, but they kept in touch and would run into each other at parties." So when Jaden knew Sofia was available again, he made his move. "The chemistry between them is insane," adds the source. "It must sting for Scott to know she's moved on so easily."

CASSIE TO COLTON: STAY AWAY – OR ELSE!

Bachelor **fans shouldn't be holding their breath for a Colton Underwood/Cassie Randolph reunion. Three months after their split, the graduate student, 25, submitted paperwork in LA on Sept. 11 for a restraining order. Cassie claims Colton, 28, harassed her via text messages, accused her of seeing her ex-boyfriend and placed a tracking device on her car. She also claims the athlete has shown up uninvited to her parents' home in Huntington Beach, Calif., and to her apartment. "Colton was blindsided," says a source. "He's been in Colorado, and this was all a surprise."**

ON BEING *SNL*'S LONGEST-RUNNING CAST MEMBER

InTouch with... KENAN THOMPSON

I Plan On Staying *Forever!*

HE MAY BE STARRING IN A NEW SITCOM, BUT THE SKETCH COMEDY VET WILL STILL BE LIVE FROM NEW YORK EVERY SATURDAY NIGHT

Kenan Thompson has been making audiences laugh for 17 seasons on Saturday Night Live*, and he'll happily do it for 17 more if he can. "I always say I'll stay forever," says the 42-year-old star, who in 2017 topped former cast member Darrell Hammond's 14-season record. "It was bittersweet to take that from him, but he was like, 'Yeah, man, keep going! It's the greatest show ever, why would you leave?' And that's exactly how I feel." The actor, who recently partnered with Barefoot to celebrate the launch of the first wine-based Barefoot Hard Seltzer, will be doing double duty soon with his new NBC sitcom,* Kenan*. Here, the dad of two (he and his wife of eight years, Christina Evangelina, share Georgia, 6, and Gianna, 2) opens up to* In Touch*'s Diana Cooper about fatherhood, favorite guests and the* SNL *co-stars he misses most.*

How does it feel to be *SNL*'s longest-running cast member?

KT: Incredible. First off, it's the only show of its kind — there aren't a lot of live television opportunities out there. And it's nice to be around such brilliant people who have become like family over the past 17 years.

Do you have a favorite sketch?

KT: "What Up With That?" was pivotal for me. It was the second idea I was able to turn into a recurring sketch. But I also love doing "Family Feud." It's tough to pick one!

Best celeb guest?

KT: Dave Chappelle and Tom Hanks. I admire both of them, and they make for very dynamic shows. And it was really cool to witness Eddie Murphy week.

Dream guest?

KT: Barack and Michelle Obama would be crazy!

What can fans expect from *Kenan*?

KT: They can expect to laugh, hopefully! The first episode will probably just be an introduction into the world we'll hopefully be living in for a few long seasons.

You play a dad of two girls. How's that going in real life?

KT: It's one of the more impactful changes in my life, and it's been insanely positive. I'm grateful for it every day.

Any plans for more kids?

KT: You'd have to ask my wife! She's in control, because she's the one who has to actually do it all! ■

DOTING DAD

"I always wanted to be a husband and a father," says Kenan (with Georgia and Gianna), "so when it became a reality, it was a real blessing."

3 WAYS TO STAY ACTIVE THIS FALL

TAKE IT OUTSIDE

On a budget or only have a half hour to squeeze in a workout? Take your fitness game to the next level with calorie burning activities this fall. Here are the best fitness finds for every outdoor adventure.

1 GO THE EXTRA MILE

Find a challenge that will help you stay motivated to work out in the cooler months. Maybe there's a half marathon you want to run in the spring. Or train for your first 5k.

2 THE OUTDOOR GYM

Get the whole family out and turn boring yard work into a full body workout. Raking builds muscles in your arms and back; heavy bags of mulch are the ultimate for strength-building, and if you add some lunges while pushing your mower back and forth, you are working the legs, glutes and core.

3 THE HIIT FACTOR

For obvious reasons, outdoor bootcamps have never been more popular. Check out classes with your local gym to show some local biz support.

SAFETY FIRST

Stay covered with MISSION's Adjustable Gaiter and Sport Mask. Constructed with a multi-layer design for maximum coverage and made from unique moisture removal fabrics — you will stay dry and comfortable all Fall with MISSION.

SOUTHERN GOTHIC

Sex and the City alum Kim Cattrall trades in the alluring Samantha Jones for Southern belle Margaret Monreaux in *Filthy Rich*, a deliciously soapy drama about the widowed matriarch of a shaken empire.

Margaret leads a blessed life as the wife of Eugene (Gerald McRaney), a man whose Christian-inspired Sunshine Network has made their family — including adult kids Rose (Aubrey Dollar) and Eric (Corey Cott) — billions.

But it all collapses when Eugene dies in a plane crash — and Margaret discovers her husband had three children out of wedlock. Ginger (Melia Kreiling), Jason (Mark L. Young) and Antonio (Benjamin Levy Aguilar) now want a piece of their dead Pop's fortune.

With her public persona at stake, Margaret wages war to protect the Monreaux family legacy — and the moneymaking machine that finances her lavish lifestyle. Meanwhile, she continues to uncover more secrets about her late husband.

FALLING FOR FALL

Make a statement this season with a bold mani

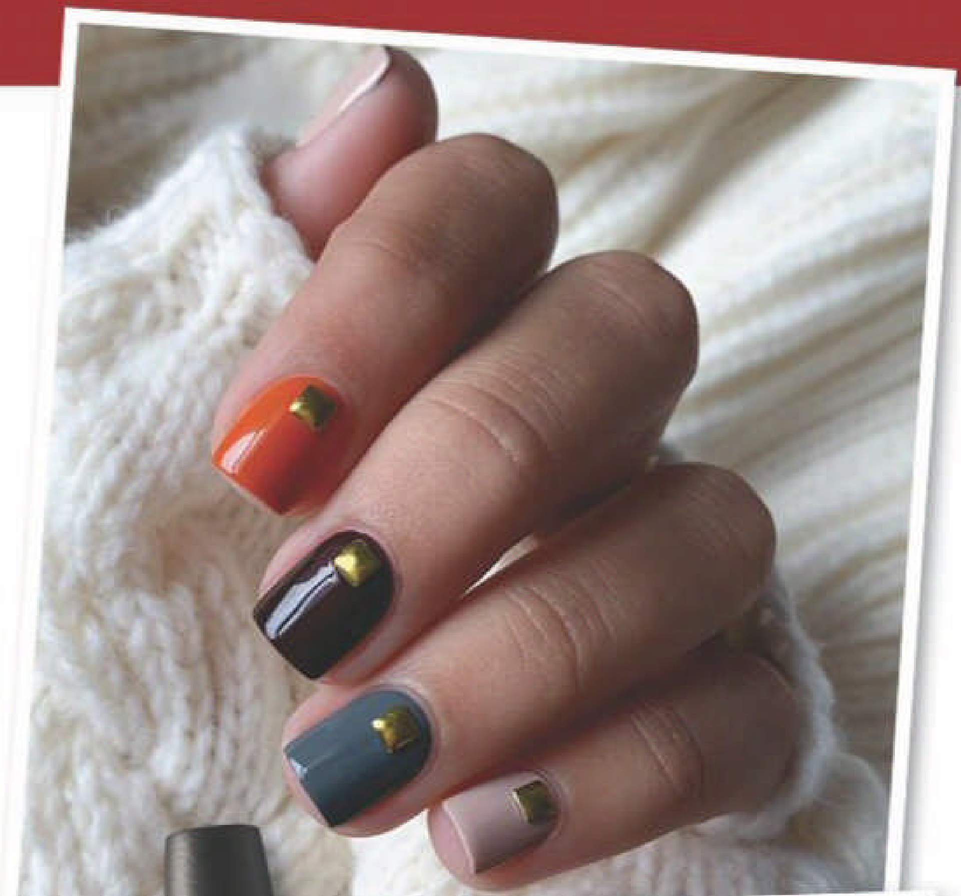
This season, the biggest color trends in fashion encourage unique self-expression with rich, deep burgundy hues and soft, earthy neutrals, along with unexpected pops of orange. And, while most of us have the neutrals covered, not everyone has the confidence to rock a bright orange sweater. But, a splash of bold color on your nails? Now that's something just about everyone can pull off. We love this statement-making look that's super easy to create at home and will take your nails to the next level.

First, a great manicure starts with great tools. And these tools from Japonesque are everything you need to get this look:

JAPONESQUE
JAPONESQUE
JAPONESQUE
JAPONESQUE
JAPONESQUE

Nail Perfecting Trio — While the iridescent sparkle caught our attention, the super sharp clipper blades sold us. Neatly trim nails to any shape with precision. And the mini salon board is prefect for smoothing each nail to perfection.

Velvet Touch nail tools — Pushed back clean cuticles are the secret to a long lasting mani. This versatile tool does the job leaving a clean smooth nail surface ready for polish. And if you slip a little while painting your nails, dip the pointed side into acetone to easily and accurately remove polish from skin.



O·P·I
NAIL LACQUER

GET THE LOOK:

For a flawless manicure start with a layer of Base Coat. It acts like double sided sticky tape anchoring polish to your nails.

Apply two coats of polish to each nail, be sure to cap the free edge by swiping across the tip of each nail. This helps prevent chipping. Let each layer dry.

Apply a thin layer of top-coat. Then using the pointed side of the nail tool, apply a small drop of top coat to the base of a nail, while still wet, use a tweezer to embed each gold square into the top coat drop — we love the Japonesque pointed tweezer from the Pro Performance Tweezer Duo for this job.

For a more subtle fall look, try a Fall French manicure with a rich burgundy color

Strong And Healthy THIS FALL!

We found your superfood solution.

Summer is finally gone and so are the warmer temperatures. It's still a busy season full of outdoor activities though and the perfect time to make sure your body is properly fueled, hydrated, and your immune system is strong. Want an easy (and delicious!) way to keep up? Incorporate cherries into your diet. This superfood is famed for their anti-inflammatory superpowers and packed with a ton of antioxidants and nutrients.

ANTHOCYANINS

Cherries are full of anthocyanins, a powerful nutrient that kick-starts your immune system and gives the fruit their gorgeous red, blue and purple hues. Studies have also shown that they may lower blood pressure, improve vision, prevent diabetes and can have anti-inflammatory, anti-viral and anti-cancer benefits.

SUPERIOR ANTIOXIDANTS

Cherries also boast a number of beneficial antioxidants, which can be good for your heart health, and may also lower your risk of infections and some forms of cancer.

VITAMIN A

Vitamin A plays an integral role in so many vital processes for the body. In addition to supporting your immune system overall, it also supports bone health, healthy vision, and may reduce your risk of acne as well as certain cancers.

VITAMIN B6

Vitamin B is just as important for your body. It's known for regulating mood and reducing symptoms of depression and also promoting brain health. It has serious benefits for your heart as well — including preventing and treating anemia by aiding in hemoglobin production and it may prevent clogged arteries, reducing the risk for heart disease.

Tocotrieonols are "super antioxidants" found in palm fruits. In clinical studies they are showing impressive results in promoting hair growth, as they apparently lower scalp oxidation. The studies were done at the University of Kuala Lumpur in Malaysia and have been published in scientific journals to inform healthcare professionals of the findings. The tocotrienol complex used is now patented and available in the US through the product Hair Gro™, by New Nordic.

STUDY RESULTS

Researchers studied an area of the scalp equal to 2x2 cm and counted the hairs at the beginning of the study, at 4 months and at 8 months. At the end of the study, the participants on the tocotrienol supplement had gained on average 34.5% more hair or an increase in average hair count from 285 to 383 hairs.*

HAIR GRO™ WORKS!

Steffani experienced higher-than-usual hair loss due to stress. "I was concerned as I noticed a drastic difference in the thickness of my hair, so I went looking for help."

"My mother had used New Nordic's hair products with great success, and she had seen the new Hair Gro™ product in stores. I went online and read about how the ingredients were clinically shown to promote hair growth. I was excited.

I planned to take Hair Gro™ for just a few months, but my mother reminded me that hair takes a while to react. I'm glad I listened to her because after 4-5 months, I started to notice an increase in growth and it was easier to grow the hair longer. My friends even noticed the difference.

Now I feel so confident and happy about my hair, thanks to Hair Gro™. I highly recommend this product to anyone with thin hair."
